AUDITOR'S REPORT.

We have examined the books of the Selectmen and Treasurer, and so far as the books are kept we find them correctly cast and properly vouched.

The Tax Collector's books have not been shown us for examination.

There being no separate accounts kept of the trust funds in the books of the Selectmen and Treasurer, as the law requires, we recommend that the subsequent Board of Selectmen and the Treasurer keep separate accounts of the several trust funds belonging to the town.

We also recommend that hereafter the Selectmen, in their report, file an inventory of all the assets of the town including all real estate and personal property of every kind owned by the town.

We also find \$4.57 more due from the County for the support of county poor than is shown in the Selectmen's Report.

BOARD OF HEALTH REPORT.

Until the year 1901, Warren has been exempt from scarlet-fever and diphtheria for many years. In the spring, scarlet-fever broke out in the family of Frank Sorrell, on Ore hill. Eight children had the disease and four families were quarantined, by a strict quarantine. The disease did not spread through the town and no other cases occurred outside of this neighborhood. In the fall, a young son of Albert Foss was stricken with diphtheria; also the youngest son of Edward Lund. Strict quarantine was carried out in both families, and no other cases occurred in town. As Mr. Lund lives in the village and Mr. Foss very near the village, we think it very fortunate that no more cases occurred. While these families were quarantined they had to be looked after under quarantine law, by the Board of Health. This duty we tried to perform the best we could.

REPORT OF SCHOOL BOARD.

YEAR ENDING MARCH, 1902.

DISTRICT No. 1.—First term taught by Miss Emma Chase. This was Miss Chase's first school. She evidently is not lacking in energy or interest in her work. Second term taught by Miss Harriet Ross was very satisfactory.

DISTRICT No. 2.—Village grammar. Spring and fall terms taught by Miss Helen S. Woodman, and winter term by Miss Grayce Stone. Miss Woodman took great interest in her work.

Her method of instruction was up to date and pupils made rapid progress in their studies. She was offered the winter term but declined it. Miss Stone was a faithful teacher and well liked by her pupils.

PRIMARY DEPARTMENT.—Spring term taught by Mrs. Alice Head. Fall term by Miss Helen E. Hayes, and winter term again by Mrs. Head. Mrs. Head as usual was successful in her work and is deserving special mention for care and attention to her young pupils. Miss Hayes introduced new methods not before used in this school and seemed to interest the pupils in their work. In all her work was quite satisfactory.

DISTRICT No. 3.—East Warren. First term taught by Miss May McGuane. We were very much pleased with the work done during this term, by both teacher and pupils. In the second term, also taught by Miss McGuane there seemed to be a decrease in interest and good results. This may have been the fault of the teacher and it may have been in some measure the fault of the pupils and parents.

DISTRICT No. 4.—Beech hill. First term taught by Miss Harriet Means. Second term by Miss Bessie Foster.

DISTRICT No. 6.—Pine Hill. Spring term, Miss Bertha Preston. This was Miss Preston's first school. She may have erred in some things but in all it was a very satisfactory term, there being no lack of interest on her part to make her school a success. Fall term, Miss Belinda Batchelder with her usual success. A most satisfactory term.

DISTRICT No. 7.—Warren Summit. Spring term taught by Mrs. Elmer Moses, a resident of the district, well liked by all. A successful term. Fall term, Miss Bessie N. Poulin. This being Miss Poulin's first school she lacked a little in discipline

but worked hard to make her school a success. Though criticised by some, it can be safely said that the pupils made as good progress in their studies as the average school.

DISTRICT No. 8.—Spring and fall terms taught by Miss Grace Welch. The pupils in this school are most of them quite young and Miss Welch seemed to possess the patience and perseverance necessary in such schools.

DISTRICT No. 9.—Foote. First term taught by Mrs. Alfred Kelley. Mrs. Kelley did good work as she always does. Second term taught by Miss Barton. We believe Miss Barton is not fitted either by nature or education for a teacher.

Before the commencement of schools last spring, we made a house to house canvas collecting all schools' books in the hands of pupils in their homes. Many of these books were found to be unfit for use and practically worthless. We shipped them to Boston and received quite a sum for them in exchange for new books. We renumbered and catalogued all books belonging to the district. In giving out books to teachers each teacher has been held accountable for the return of books given out to pupils or otherwise, accounting for the same; thereby saving the loss of many books. We have made no changes of any account in text books and the district is now well supplied with text books, maps and globes. There is also quite a lot of other supplies on hand. There is due from Benton School District thirty six dollars for schooling their pupils. We regret that our schools are not better attended and believe that the success of our schools lies more with the parents than with the teachers or pupils.

Respectfully submitted,

HENRY L. COTTON, WALTER P. SMITH, FRED C. GLEASON,	} School Board.
